In preparing the financial statements, management is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

Our objectives are to;

1. Obtain reasonable assurance about whether the financial statements as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing (SAs) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

   As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. Identify and assess the risks of material misstatement of these Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the "Fund's" internal control.

3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates, if any, and related disclosures made by management.,

4. Evaluate the overall presentation, structure and content of these Financial Statements, including the disclosures, and whether these Financial

Statements represent the underlying transactions and events in a manner that achieves fair presentation.

5. We have communicated with those charged with governance regarding, among other matters, significant audit findings, including any significant deficiencies in internal control that we identified during our audit.

Our responsibility is to express an opinion on these Financial Statements based on our audit. We conducted our audit in accordance with the Standards of Auditing (SA) as prescribed by the Institute of Chartered Accountants of India (ICAI). These Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether these financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in these Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement, of these Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers the internal control relevant to the entity's preparation and fair presentation of these Financial Statements in order to design audit procedures that are appropriate in the circumstance, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
